### Youth Ranch Horse Mentor Matchup

Amanda Seymour earned the Grand Champion title in our first-ever Youth Ranch Horse Mentor Matchup competition, working with her assigned coach Cody Crow. She has spent her entire life immersed in agriculture growing up in Olathe, Colo. on the western slope. Her family runs a ranch and feed lot with a cow/calf operation near the Grand Mesa. She has been riding as long as she can remember and shown in various horse show events including 4-H, all around and cow horse.

Her favorite parts of her Mentor Matchup experience were not only the privilege of working with the best professionals in our industry but also the like-minded youth she met and how they have kept in touch and still connect when they see each other at various events during the year.

She can't wait for the busyness of Stock Show to return and encourages other youth to take advantages of opportunities presented and make connections within the industry that you don't even will benefit you later.

Congratulations, Amanda, on your many accomplishments and best of luck in your future! We are excited to see you grow into a leader in our industry!
