 - c) Streamlined Open Show check-in will take place at the ASA booth (or an otherwise announced location). Exhibitors will be asked to declare which of their entries are on-site and should be checked in for the show, and corresponding back tags will be issued at this time. Do not bring animals to check-in. Proof of registration is required at the time of check-in: Original papers, electronic versions or photocopies will be accepted. Any animal not checked in will be considered a scratch. Exhibitors are further expected to meet the following:

- d) At check-in, a box will be provided for each exhibitor to nominate up to 2 names for future PTP judges.
- e) Animals that have not been processed will not be eligible to show. Show management reserves the right to bar any animal or exhibitor from showing that does not meet the requirements of this show.

- g) Grand and Reserve Grand Champions will have DNA samples pulled and tested for parental verification and genomics. DNA collection will occur at the exhibition site and will be supervised and/or conducted by ASA staff. ASA reserves the right to pull DNA on any competing entry. Failure to submit to DNA sampling and/or testing will result in automatic disqualification.
- h) CSA management reserves the right to modify classes as it sees fit, to facilitate a more uniform showing. Division breaks will be determined based on the number of entries. Likewise, classes may be split at CSA’s discretion based on entries. If a class is split, premiums also may be split.
- i) Exhibitors are encouraged to run HD testing on their animals prior to the show. Genomically enhanced EPDs are noted in the show program.
