Animals registered in the AICA Colored Division Registry (QF and QM initialed registration numbers) must meet the qualifications of the AICA Rules and Regulations.
- C. All animals to be eligible may be approved by a sifting committee designated by the AICA. Stall space will not be provided for any Charolais cattle that have not been accepted by the sifting committee.
- D. All animals are subject to a medical examination in order to determine age, and each animal will be present in the show ring in its natural conformation without alteration or modification. Use of artificial tail heads is not permitted.
- E. Any animal not having a legible tattoo or firebrand number is ineligible and cannot show.

Use of these products will result in the immediate disqualification of a given animal at such show.
