

# ANGUS JUNIOR HEIFER SHOW

JUDGE: Parker Henley  
SHOW: Thursday -January 16, 2025  
ENTRIES DUE ONLINE NOVEMBER 20, 2024

## 1. Entries:

- A. All NWSS livestock entries are on line at <https://nwssrs.fairwire.com/>.
- B. Entry Fees: Entry fees are \$35.00 per head. Free grounds parking is included with entry.
- C. Heifers are eligible to show in the Open show as well. Entry must be made for both shows.
- D. AAA registration numbers must be stated on entries.

## 2. Special Rules:

- A. The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered in individual classes for junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expenses and shall be included in the premium payments distributed by the show to the exhibitors.
- B. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.
- C. To be eligible for Association premiums the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.
- D. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.
- E. Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look-up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks, or hot branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.
- F. Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have the original registration certificate at check-in.
- G. Only one person at a time shall lead an animal into the show ring.
- H. *Exhibitors who participate in shows that accept premium monies contributed by the American*

*Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rules 800 - 810. These rules can be found at [www.angus.org](http://www.angus.org).*

- I. Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp, or other similar substances used externally is also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals, or artificial filling. Any animal found to be in violation will be barred from showing.
- J. At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors, or member-owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a “white towel” or “white glove” test. No aerosol cans or other pressurized containers will be allowed in designated line-up areas.
- K. All animals exhibited are subject to DNA marker or blood type test to verify the accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.
- L. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

**Show Classification**

Any classes listed in this classification, that exceed 15 head per class, should be broken into smaller classes. This should be accomplished by dividing the class as evenly as possible without splitting animals with the same birth date. Furthermore, the recommended number of head per class varies per show based on the number of head checked in. See recommendations below:

- Shows with less than 100 head: 8 head or less per class
- Shows with 100 – 200 head: 12 head or less per class
- Shows with more than 200 head: 15 head or less per class.

Class breaks will be at the discretion of the American Angus Association staff in attendance. If there are more than 30 head in a division, the division should be split into Divisions 1, 2, etc.

Show management reserves the right to break large classes if deemed necessary, in which case the monies may be split.

\*Bred and Owned Classes will run in conjunction with the Junior Heifer show. There will be a B/O division after each regular division pending on entries.
