Special Rules:

- A. General Rules and Regulations apply to this division as well as those rules listed.
- B. Health Regs: Health Regulations apply to all open-breeding goats. The certificate of veterinary inspection for all breeding sheep and goats imported into Colorado shall contain identification numbers for each animal. All sheep and goats coming to the National Western Stock Show must comply with current scrapie tagging rules. The U.S.D.A., in an effort to eradicate scrapie in the U.S., requires sheep and goats to have flock identification ear tags that list their flock of origin. Sexually intact animals, regardless of age, must have official U.S.D.A. Scrapie Eradication Program Identification. Scrapie Eradication Program Identification numbers must be listed on the Health Certificate. Exhibitors are encouraged to contact their state Animal Health Officials for current Scrapie Eradication Program requirements.
- C. Eligibility of Animals: All goats must be registered in the herdbook of a recognized association before the time specified by the show. Recognized associations include ABGA, International Boer Goat Association, USBGA, and the Canadian Boer Goat Association. Original registration certificates are required, though a copy of a Registration Application, stamped with the date received by one of the listed associations, can be accepted for kids less than 3 months of age. Animals must be registered in the name of the exhibitor and must have been owned by the exhibitor on or before date to be determined by said show.
- D. Ennobled Herd Book Points: Only goats entered under their ABGA registration number and presenting their ABGA Certificate of Registration will be eligible to earn points for their actual placing in the show as described in the ABGA "Criteria for the Ennoblement of a Boer Goat".

- E. Tattoos: All goats must have legible tattoos or other means of permanent identification consistent with their registration certificate or the animal will be disqualified. The top 5 in the class plus the Champion and Reserve Champion Goat's tattoos must be read and recorded. If the animal has a microchip as its permanent identification, the exhibitor is responsible for providing a microchip reader.
- F. Computing Ages: Birth dates, as listed on the registration certificate will be used to determine the class divisions. Take the show date and count back to the birth date to determine the age and the class of the animal.
- G. Pens: No more than two (2) adult goats to a pen. Participants are responsible for keeping stalls clean. Straw is not allowed for bedding in the goat barn. Water-permeable carpet or rubber mats may be used for bedding. Shavings, bedding, and feed are available on the grounds of the National Western Feed Concession.
- H. Classes: All animals must be registered purebred, fullblood or percentage blood Boer Goats. Percentage doe classes are for goats 50% to 88%, Purebred/Fullblood classes are for does that are 15/16 blood (94%) and higher, 31/32 blood (97%) and higher for bucks. Progeny of fresh does will NOT be allowed in the ring. At the discretion of the judge and the superintendent, goats may be let loose in the ring as a function of judging. The Champion and Reserve Champion classes will be chosen from the first and second-place animals in that division of the show.
- I. Disqualification: Any goat showing any pronounced defect or abnormality will be barred from the show in any breeding classes. Artificial coloring will be a disqualification. Illegible tattoos or tattoos inconsistent with registration papers will result in disqualification. Any doe over 24 months of age who has not kidded and cannot prove a current pregnancy will not be allowed to show.
- J. No blocking stands will be permitted in the wash racks.
